ENERGY SAVINGS

Sun Control may be the biggest benefit of rolling shutters in the sunny southwest, especially in the hot summers. When closed Roll-A-Shield block out all of the sun's heat. As energy costs rise, the savings seen with rolling shutters can be quite substantial. Homeowners have reported energy savings up to 40% or more.

OPERATING OPTIONS

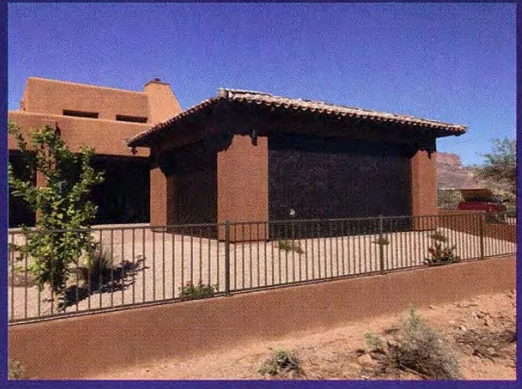
- Manual pull-strap
- Manual hand-crank
- Electric switch
- Electric keypad
- Remote Control
- App: iPhone/Android
- Key Switch

NATION WIDE SHIPPING

Roll-A-Shield custom makes each rolling shutter to meet the customer's specific measurements. We also are able to package and ship the shutter to any location in the United States. Our shutter comes with an installation manual and we are always here to answer any questions you may have during installation.

- Patio Enclosures
- Service Panels
- Service Windows
- Carport Conversion to an Enclosed Garage

Roll-A-Shield manufactures custom made shutters in Tempe, AZ. We have had the pleasure of being a part of some unique installations. We continue to look for new opportunities to build from our clients' imagination.



COMMERCIAL

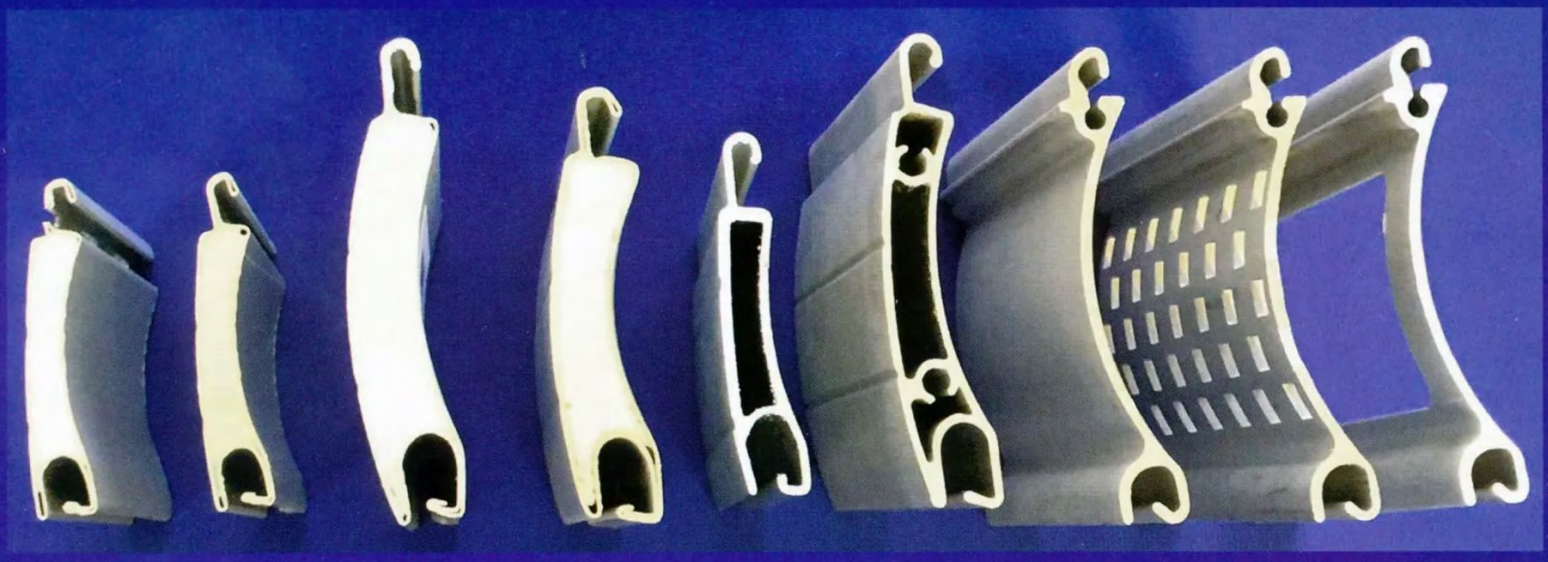
- Office Entrances
- Store Fronts
- Outdoor Bar
- Concession Stands
- Drive-Thru Windows

Businesses need protection and Roll-A-Shield will provide the ultimate security. Cover all doors and windows that may give potential access to a robbery. Roll-A-Shield completely covers the door and window, and when fully closed in the locked position, they are almost impenetrable. They will provide an effective barrier against window breakage and subsequent entry into the business.

RESIDENTIAL

- Insulating-Energy Savings
- Noise Reduction/Sound Control
- Indoor & Outdoor Asset Protection
- Proactive/Crime-prevention
- Anti-lift Design

Roll-A-Shield security shutters provide the ultimate protection for your home. The security features and energy savings are just the beginning of the benefits that Roll-A-Shield will provide for you. Whether it is to have “peace of mind” throughout the night, protecting valuables, or locking up the house during a vacation. Roll-A-Shield can customer build a shutter for all of your specific needs.



Our shutter systems can be completely customized and tailored to your needs. We have a variety of colors to choose from and manufacture each shutter to your exact measurements.
