Cell: (250) 302-2361

Parcel Mailboxes Available

**\$15/month or \$150 annually (2 months savings) plus
taxes and key deposit**

Private mailboxes are available for you to rent. This would entitle you to:

1. 113 Yorston Street address for your parcel/mail. Don't Put your Box #.
2. A phone call, text message or email whenever a parcel from any courier including anything from Amazon comes in. You pick the delivery method for notifications from us. We will also provide a weekly reminder.
3. A secure, alarmed and heat-controlled warehouse
4. 45 included days of parcel storage instead of 5 (as per courier policy and 10 as per Canada Post Policy before returning it to the sender)
5. We don't send it back on day 46, we charge \$1 per day. We only return it to the sender when you tell us to. This literally means you basically have 1.5 months to pick up a parcel without worries, that's 45 business days, at 5 business days in a week. Take your holidays and don't panic. Your parcel will still be there. If you are going to be longer than that, give us a call.
6. Anybody that you add that is not under 18 (up to 5 other people to your mailbox) will also need to bring government issued picture identification when they come in to pick up the parcels (no authorization letter required) This is just so we can confirm who they are to the file in our system and they are permitted to pick up any of the parcels that their name is not on for your mailbox.
7. To set it up, ask for the Shipping & Receiving Manager if the Shipping Department is not busy. If the Shipping Department is busy, come see the General Manager, Maureen, in the accounting office. If she is unavailable, I can guarantee you that the Owner, Ashim will be more than happy to help. Hey, any one of us will be more than happy to set it up for you.

See you soon,

A handwritten signature in purple ink, appearing to read 'Maureen', is written over a light blue horizontal line.
