

ANNUAL REPORT

20 22

No one should be a victim of abuse. That is why Faces of Hope Foundation joined with you and community leaders to take a stand to help break the cycle of abuse.

Our mission is to reduce victimization with a safety-net of services, through one door. We achieve this by meeting the medical, legal, safety, education, and basic needs of individuals and families affected by domestic violence, child abuse, sexual violence, elder abuse, stalking, and human trafficking.

OUR MISSION

OUR SERVICES

- Safety planning, protection orders, and civil legal aid
- Crisis counseling, case management, and support groups
- Emergency assistance with food, shelter, clothing, and other basic needs
- Forensic exams
- Information and referrals to community resources

A NOTE FROM OUR PRESIDENT

Carolyn Holly

Our community is not immune to abuse. The numbers don't lie. In these past few years, Faces of Hope Foundation provided more and more services to a growing number of victims. In 2022, there were more than 5,100 reported cases of interpersonal violence in Ada County. Last year, Faces of Hope Foundation served more than 1,000 men, women, and children in nearly 4,000 visits to our Center.

I am asking you to join with me and Faces of Hope Foundation to take a stand. Together, we can let the community know we will not tolerate domestic violence, sexual assault, or abuse of any kind. Let's work together to raise awareness, prevent abuse, restore dignity, and save lives.

And when our community needs us, Faces of Hope Foundation will be here to help. The Foundation will support every victim on their path to safety, healing, and empowerment. With your help, Faces of Hope Foundation is breaking the cycle of abuse.

I want to thank every one of you for your support of Faces of Hope Foundation. You allow our staff to transform lives by providing help, healing, and hope - through one door.

Ada County: Provides the physical Faces of Hope Victim Center located at 417 S. 6th St. in Boise, 83702, to provide space for partners to provide victim services to the community. With thanks to support and annual approval from the Ada County Commissioners, this facility provides IT support, operational support and security for building occupants.

Ada County Prosecutor's Office: Administers the Victim Center on behalf of the Board of County Commissioners. Attorneys with special training in the dynamics of domestic violence are available to meet with victims the day after a DV event to explain the legal system, next steps, and hear the victim's perspective.

Adult Protective Services: Responds to allegations of abuse, neglect/self-neglect or financial exploitation of vulnerable adults. Provides appropriate resources and referrals. Offers education and training throughout the community on related issues.

Boise Police Department: Law Enforcement investigates criminal allegations, including domestic violence, sexual assault, child abuse, and elder abuse. Victim Witness Coordinators, funded by the City of Boise, provide support and guidance through the criminal justice system process.

Boise State University/ Other University Interns: Student interns serve as counselors or case managers in the Victim Center.

Faces of Hope Foundation: Created in 2016 to help support victims of interpersonal violence, Faces of Hope Foundation helps those experiencing domestic violence, sexual assault, child abuse, elder abuse, stalking, and human trafficking. The foundation is a non-profit led by a board of community leaders. The Foundation provides direct support to victims of interpersonal violence by providing crisis counseling, case management, on-site legal services through Margo Anderson, JD and victim advocacy. Faces of Hope also offers tangible support to victims by providing gas and grocery cards, hotel vouchers, transportation costs, and more.

Health and Welfare: Conducts investigations into child abuse, neglect and abandonment - which may or may not amount to a crime. Participates in the court process regarding civil Child Protection cases. Place children into protective placements. Provides case management for abused, neglected and abandoned children and their families.

Idaho Network of Child Advocacy Centers: Assists in developing and maintaining standards for Child Advocacy Centers.

Local Law Enforcement: Garden City Police Department, Meridian Police Department, and Ada County Sheriff's Office, along with Boise Police Department, all played a role in the creation of Faces of Hope and continue to support the Victim Center in various ways. These departments and other Treasure Valley agencies utilize the Victim Center for victim services, a place to conduct investigations and trainings.

St. Luke's CARES (Children At Risk Evaluation Services) Clinic: Accredited child advocacy center that provides medical exams, forensic interviews and victim advocacy services for children who are victims of abuse and neglect. CARES also provides trainings on child abuse topics.

"The thing about domestic violence is that it happens everywhere – and in our rapidly growing community we need to remove barriers for people who need help as soon as possible. Sometimes, it's just not possible for people who need immediate help to get to downtown Boise.

ATTENTION
WEST ADA
COUNTY

FACES OF HOPE FOUNDATION IS COMING TO YOU

OCTOBER 2023

Faces of Hope Foundation is opening a satellite office to offer an alternative location that focuses on support services, including crisis counseling, legal support, case management, and access to food cards, gas cards and emergency housing.

Establishing a second (Foundation) location in the Meridian/West Ada County area will help solve that problem. We don't want time or distance or travel to be a barrier for anyone who needs life-changing help."

-Ada County Sheriff
Matt Clifford

Faces of Hope Victim Center in downtown Boise will continue to be the **ONLY** full wrap-around Center in Ada County that offers co-located support and forensic exams.

Voices of Hope

"I wouldn't know where to start if not for the help of crisis counseling. It is a 'one-stop shop' where I was referred to resources for medical, housing, etc."

**"For the first time
in years I felt
heard."**

**"This is where you feel
safe. . . This is where
you get the help you
need even if you don't
think you need it,
Faces of Hope
Foundation saved me
and let me find myself
again."**

"This is an amazing place with staff that actually care. They go above and beyond to make you feel safe at all times in the facility, as well as give you tools to feel safe every where else."

**"I wasn't judged
and I felt safe."**
